

CANCELLATIONS

As we have all seen, there are more and more players competing for range bays and/or tee times.

Thus, the need to be clear about the parameters concerning Tee Time Cancellations is more and more important.

First, as a courtesy to your fellow players, indicate specifically if you are not able to play 18 holes. Otherwise, your group will count on you to play the entire round!

If you must cancel a tee time MORE THAN 24 HOURS BEFORE play, please notify the **Pro Shop at 617-730-2078** to notify them. If this occurs in the context of Tuesday League Play or Wednesday afternoon League Play or BWGA weekend/Holiday play, PLEASE also notify the respective Coordinator. This notification can be by email, or text or via phone if you have their phone contact information.

If it is **the day of your scheduled play**, it is very important that you also properly notify the **Pro Shop at 617-730-2078**. This is not only a matter of courtesy to all other golfers but also the Pro Shop, as it is an important financial and operational matter, especially on weekends and holidays.

Keep in mind that all tee time books are now secured with credit card information ~ by course policy. If you fail to make the proper notifications, you will be charged for your greens fees as if you had played. Your credit card on record will be charged in order to rectify this obligation.
