

## Leadership Welcome

Dear Members:

Greetings! As the newly elected leadership group for BWGA, we want to welcome all new and existing members to a new era of golf and women's golf activities at Brookline Golf Club.

We wish to thank all who preceded us in these roles, as without their efforts and commitment, this Women's Golf Association would no longer exist! Like them, we are committed to doing what is required to sustain this women's golfing group for the longer term. And, we will need your engagement and shared efforts to achieve that objective.

There are lots of exciting things going on at Brookline GC recently and to come. In 2022, the U.S. Open will be played at The Country Club. There is now a Strategic Plan for the Club under development that will yield continuing course improvement. The Grill is under new, long-term management and feedback about their food and customer service is very good!

BWGA has long had a strong working relationship with the General Management of the Club. There is both good camaraderie, but also good "back and forth" as we share a desire to reach the best possible outcome for you all, our constituents.

As for golf, league play generally commences in May and continues into or through October. These are handled by email signup and one of our fellow golfers handles the signup for these leagues each week through the season. MassGolf events kick off in May as well and can be accessed at [www.Massgolf.org](http://www.Massgolf.org).

Read on for much more interesting and useful information about playing women's golf at Brookline Golf Club! We welcome you to the new season!
